The SL4U ColorView projector is one of Mitsubishi's lightest weight ultraportables, and offers exceptional performance, reliability, and overall value. Plus, a versatile array of remote control "password-activated" security features helps to control projector usage and further protect your investment.

- Exclusive, award-winning ColorView Natural Color Matrix for rich, vivid colors
- sRGB color profile technology ensures standard uniform color reproduction regardless of the type of display used
- Remote control password-activated security features include: Block complete usage of the projector; permit usage of the projector, but not change the menu; or block changing of the splash screen
- 1700 ANSI lumens for super bright presentations
- 500:1 contrast ratio for exceptional color depth and clarity
- User selectable gamma correction
- Three-year parts and labor warranty and 90-day warranty on the lamp (both warranties available in U.S. and Canada), toll-free technical support, plus two-year Express Replacement Assistance (ERA) program that guarantees free replacement product shipped overnight for next business day delivery when and where available

## COLORVIEW™ NATURAL COLOR MATRIX

The SL4U produces vivid colors that precisely match their real-life counterparts, as well as giving you the ability to precisely adjust color saturation and control color tones.

Without ColorView      With ColorView

## PRECISE COLOR REPRODUCTION WITH sRGB

Developed to ensure standard, uniform color reproduction regardless of the type of display used, sRGB color profile uses color coordinates common to all display technologies.

## VERTICAL DIGITAL KEYSTONE CORRECTION

Absolutely essential for portable projectors, Digital Keystone Correction reduces image distortion by allowing for vertical correction to create a more natural-looking picture even when it is difficult to set up the unit perfectly perpendicular with the screen. This important feature allows you to project at an angle without worrying about trapezoid image distortion or zigzagging.
